

**DRAFT**

## **Little River Park On-Line Public Participation**

The City of Woodstock and Earth Elements NM, a landscape architectural firm, are currently developing a master plan for the 100 plus acre Little River Park and are requesting community input on the Draft Schematic Site Plan dated November 20, 2020. This plan was created based on public input received during 2019 and includes the following:

### **Trickum Road Park Zone**

1. Park Entry Road
2. One Way Access Road with Parking (29 Parking Spaces)
3. Overflow Parking (12 Parking Spaces)
4. Park Office & Outdoor Center Building
5. Park Maintenance & Storage Building
6. Restroom Building (1 Qty.)
7. Outdoor Classroom (1 Qty.)
8. Nature/Creative Play Area (1 Qty.)
9. Picnic Area
10. Nature Trail with Viewing Platforms & Tree Houses (1.50 Miles)
11. Watersports Training Area at Pond
12. Fishing & Paddle Craft Platforms at Pond
13. Multi-Use Concrete/Boardwalk Trailway (1 Mile)
14. Riverside Nature Trail with Paddle Craft Launch & Fishing Platform

### **Linear Corridor Zone**

1. Multi-Use Concrete/Boardwalk Trailway (1.75 Miles)
2. Pedestrian Bridge Connection to Woodlands Park
3. Pedestrian Bridge Connection to Trickum Road Park
4. Trailway Play/Exercise Stations

### **Woodlands Park Zone**

1. Multi-Use Concrete Trailway (1.25 Miles)
2. Multi-Use Open Space Field A (2.75 AC)
3. Multi-Use Open Space Field B (2 AC)
4. Restroom Building (1 QTY.)
5. Disc Golf Trail (18 Hole PRO/AM Course)
6. Parking Area (75 Parking Spaces)
7. Overflow Parking Area (45 Parking Spaces)

We ask that you review the draft schematic site plan and provide comments regarding any additional park program elements that you would like to see included as part of this park master plan. Comments will be received until 5 PM est on December 11, 2020 and should be emailed to [lcole@earthelementsnm.com](mailto:lcole@earthelementsnm.com). We appreciate your assistance.
