Chair Yoga  
Fresh Start - Managing Weight  
Card Playing

# Parks & Trails Projects

Olde Rope Mill Park and The Kayak Launch was underwater for several days and the new installation cables and anchors held up. After cleaning, scrubbing, and scraping, the launch has reopened and busy as always.

Huge Thank You To

**KELLER WILLIAMS**

For volunteering to spread pine straw in several areas at Dupree Park, Woofstock, and at The Downtown Playground.

# More Projects

Crews are getting ready for the special event and concert season, pressure washing and cleaning recycling cans, amphitheater stage, terrace walls, and walkways. Basketball courts were relined and looking great, 3 point lines coming soon. The remainder of the sanitizing stations were installed in the parks, staff participated in trainings, and are preparing for a very busy summer.

## CONGRATULATIONS

Congratulations Jeff Armstrong, Alan Putnam, Brad Baker, and Chase King for successfully completing the Trail Master Trails Training Certification Course.

THANK YOU
